HOME TOWN STUFF

Yesterday a young man who was in a great hurry, although he was probably not going anywhere and was not expected by any body, dashed his car madly through a red traffic light. Fortunately, drivers of cars waiting for the green signal to go in the other direction were a little slow getting started. Otherwise there might have been a nice mix-up.

It is impossible for the City to have policemen on every corner, which explains why it is easy for violators to ignore the traffic signals at times. To observe the signals may occasion a little delay sometimes, but it is safer. It is not uncommon to see traffic moving in both directions while the yellow "warning" lights are on. Drivers are supposed to keep their cars at a standstill until the green "go" light shows and to avoid driving into an intersection after the "caution light" starts showing.

H. T. wants to get a ten-ton truck some of these days and drive up and down the streets and highways and let all hurry-up drivers run into the truck. It would be a distinct public service.

From William N. Stokes, Jr., comes an invitation to the graduating exercises of Baylor University to be held Wednesday, August 14, at 8 p. m., on the campus. The sender of this invitation is a son of Mr. and Mrs. W. N. Stokes, of this city, but never before did H. T. have any idea that he was W. N. Stokes, Jr. He has usually gone by the name of Blick or Bill, the former seeming more appropriate, but until now he has kept the junior part obscured. Young Mr. Stokes is president of the graduating class for the summer term of 1929 and will also receive his Bachelor of Arts degree. He is a fine young man and H. T. would like very much to attend the graduating exercises, but August is an awfully hot month to make a trip down around Waco in the Brazos River bottoms. It is, but here's good wishes and congratulations to our young friend.

The following letter is at hand: "In passing 'round town I have noticed in the back yard of the county jail two small chicken coops or roosts. But the thing that has got my goat is this: no matter what the hour of the night one may pass, these chicken coops or roosts are lighted up—very bright. Now, Home Town, the thing I want to know is why these lights? Do the chickens have restless nights, due to fear, because of some chicken thief locked up in jail, and the jailer is so tender-hearted he lights up the premises so the chickens can sleep. Or is it because business is dull with the jailer and he is placing temptation before some who might try to break in jail again? Is there an allowance in the county funds to furnish lights for the jailer's chickens? Please drive by any night and take a look at the poultry's well-lighted quarters and tell us why this is so. A. Subscriber."

Without consulting any one in position to give an explanation, H. T. being disinclined to do much work in this hot weather, the statement will be made that the lights illuminate the chicken quarters only incidentally. Their chief function is to illuminate the back yard of the jail premises, and the chickens get the light only because they are in the back yard. The real purpose of the lights is to guard against the possibility of an attempt to release prisoners by some confederate on the outside and to discourage efforts of prisoners to make a clandestine departure. We haven't been bothered with jail deliveries, but a dark back yard is a distinct advantage to escaping prisoners in case they should be successful in getting out of the cells and forcing an exit through a

STRUCK BLOWS IN PROTECTING HIMSELF, SAYS

Court Recesses To Permit Defendant To Compose Himself After Voice Breaks When He Declares He Did Not Intend To Slay Girl.

Columbus, Ohio, Aug. 8.—(P)—Dr. James H. Snook wept on the witness stand as he told the jury in his first degree murder trial today how he killed Theora Hix.

As he approached the telling of the fatal minute when he struck the first hammer blow on the girl's head the steady voice faltered, his eyes filled with tears and he cried openly.

For more than a full minute he sat struggling for speech and dabbing at his eyes with his handkerchief.

Dr. Snook testified that he struck the first blow to protect himself from an attack by the girl as she sat in his car parked on a lonely rifle range.

The blow stopped her, he said, and he jumped from the car shouting: "damn you I'll kill you, too."

Her pulse was in her hand, and the defendant, fighting for his life, from the witness chair declared he thought she had a pistol in the purse and was leaving the car to shoot him.

"I was sure she was going to shoot me. My only thought was to stop her. I sprang after her and struck her again."

"Dr. Snook at any time that night when you struck the first, second or third blow, did you intend to kill Theora Hix?" Max Seyfert, defense attorney, asked.

"Heavens no, she was a good friend of mine. I never thought she would do it."

As he answered the question, Dr. Snook's voice broke again, he pulled off his nose glasses and rested his head in his hand, while he wiped the tears from his eyes.

His voice was so low that attorneys on both sides asked for the jury to be read by the court reporter.

As the ex-professor sat shaken and trying to go on, Prosecutor John J. Chester, Jr., suggested a recess which the court allowed.

The story was the climax to Dr. Snook's account of his 3-year love affair with the medic co-ed.

It had carried them to the New York central rifle range where they sat in his parked car arguing because he intended to leave town to visit his mother at Lebanon, Ohio.

The girl attacked him, he said, as the argument grew in intensity.

FARMERS OF FARGO AND ELLIOTT COMMUNITIES REPORT PESTS

The first cotton boll worms of the season were reported here yesterday from two localities in north Wilbarger County. Several boll worms were brought in from the Fargo community, taken from cotton stalks on the Charles Smith place.

CRUDE OIL IS TO BE RETAINED ON TARIFF FREE LIST

Washington, Aug. 8.—(P)—The Senate finance committee Republicans today approved retention of crude oil and all of its by-products including gasoline, on the free list in the tariff bill.

Crude oil is also non-dutiable under the house bill. A number of independent oil producers have sought a tariff on petroleum and its by-products with a view to lessening importations of cheap oil from Latin-American countries which they hold competitors with coal for fuel purposes.

The committee approved transfer of a chemical known as tragacanth from the free list. It would have a duty of 20 per cent.

CHARGE FILED IN HOUSE FIRE

B. T. BODIFORD ARRESTED BY COUNTY OFFICERS WEDNESDAY

B. T. Bodiford of Vernon was arrested Wednesday afternoon by Wilbarger County officers on a charge of arson and released on a \$1,500 bond following a preliminary hearing in Justice Court.

Bodiford was arrested in connection with the fire early Wednesday morning at a residence which he owned at 3600 Wichita Street.

Chief of Police J. D. Key worked with the County officers in investigating the origin of the fire which caused an estimated damage of \$600.

No one was at the residence when the fire was discovered about 2 o'clock Wednesday morning.

Esco Holder was sentenced to an undetermined period in the State Training School at Gatesville on a charge of burglary in juvenile court by Judge Robert Cole this morning.

Young Holder was found to be under 17 years of age. He pleaded guilty to taking a gun and clock from a farm house near Lockett.

He was arrested August 2, with his parents on the way to Vernon after leaving Lockett. He signed a confession to entering the house without permission and taking a shot gun and alarm clock on the morning of August 2, when no one was in the house.

The sentence passed by Judge Cole stated in the Court order that the period of confinement was not to extend beyond the twenty-first birthday of Holder.

HATCHER AND SHAW IN ROW OVER BANK FUND

Austin, Aug. 8.—(P)—State Treasurer W. G. Hatcher and Banking Commissioner James Shaw were squabbling today over how to remit to the state banks their pro rata of the over-assessment guaranty fund.

Hatcher refused to honor drafts drawn by Shaw on him for \$304,439, representing the amount of the approximately \$900,000 due that was in Hatcher's possession as bailee of the banking board. The balance had been retained by Shaw.

EDITOR OF BLUNDERBUSS ACQUITTED OF CHARGES

Austin, Aug. 8.—(P)—Frank W. Cook, Austin printer, was acquitted of charges growing out of appearance of the Blunderbuss, anonymous paper dealing with University of Texas student life, by a jury in county court late yesterday.

He had been fined \$100 in justice court for printing and distributing obscene matter and appealed to the county court. The first trial resulted in the jury failing to agree.

WALL COLLAPSE AT HOUSTON IS FATAL TO MAN

Others Injured When Building Crumbles After Being Struck by Lightning—Debris Being Searched for Others Thought Hurt.

Houston, Aug. 8.—(P)—An unidentified white man was killed and a white man and three negroes were known to have been injured when the wall of a warehouse being built here was struck by lightning and collapsed today.

The men were employees of the Smith Brothers Paving Company, who were doing construction work in front of the building. They had sought shelter from rain in the unfinished warehouse.

About 150 yards of wall ten feet high came tumbling to the ground. Workers searched the debris for others persons who might have been pinned beneath the crumbling wall.

The warehouse was being built at Walnut and San Jacinto streets. Between forty and fifty men were working in the part of the building that fell. The long concrete and steel structure crumbled with a deafening crash.

T. M. Davis, building contractor, said he was certain none of his workmen had been buried in the wreckage.

ISSUES TALKED AT WAR PARLEY

LEADERS BEGIN WORK ON IMPORTANT ASPECTS OF MEETING

The Hague, Aug. 8.—(P)—Leading delegates of the reparations conference today plunged into some of the important aspects of the meeting, devoting themselves to private talks on such problems as the Rhineland, the Saar Valley and the distribution of reparations.

The parleys began with a meeting of Foreign Minister Stresemann of Germany and Premier Briand of France in which the German and French views were compared. At the same time Philip Snowden, British chancellor of the exchequer, had a talk with Finance Minister Hilferding of Germany while Premier Venizelos of Greece called by invitation on two of the chief French delegates to discuss the interests of the small creditors.

DOROTHY ROBERTA RIGGS DIES LATE WEDNESDAY

Dorothy Roberta Riggs, 2-year-old daughter of Mr. and Mrs. D. T. Riggs, died at the family home two miles southwest of Vernon late yesterday afternoon. The child had been ill for the past five months and she succumbed following a relapse yesterday. She is survived by her mother and father.

Funeral services were held this morning at the Lockett cemetery, with Rev. Frank McNair, pastor of the Lockett Baptist Church, officiating. Interment was made at the Lockett cemetery. Frost and Dobbs, local undertakers, had charge of the body previous to the burial.

RAIN PREVENTS MIMIC WAR AT CAMP PALACIOS

Camp Palacios, Texas, Aug. 8.—(P)—Heavy rains today caused officers of the 26th Division, Texas National guard, in camp here to abandon their plans of taking the field in the mimic battle which has been raging for the past three days.

FRENCH OCEAN FLYERS OFF ON TOUR OF EUROPE

Orly, France, Aug. 8.—(P)—The trans-Atlantic airplane, Yellow Bird, still manned by Jean Assolant, Rene Lefevre, and Armeno Lotti, took off at 11:10 a. m., today for Madrid on the first lap of a proposed tour of European capitals.

REQUISITION ISSUED FOR WOMAN HELD IN LOUISIANA

Austin, Aug. 8.—(P)—Governor Moody today issued a requisition on Louisiana for Billie Rumley, wanted in Houston on a charge of robbery. She is under arrest in New Orleans

GRAF ZEPPELIN SPEEDS HOME ON WORLD FLIGHT

(By The Associated Press)

Messages from the world girdling dirigible Graf Zeppelin herself and from ships that sighted her at sea indicated today that the queen of the ocean skies was roaring over the first part of her Atlantic flight at approximately 100 miles an hour.

Within a period of about two hours, from 5:40 to 7:35 E. S. T., this morning, the Graf reported her own position and two steamers, the Commercial Trader and the President Roosevelt, reported sighting her at given positions.

The three positions and their times made possible the computation that during these morning hours the Zeppelin was beyond Nantucket Shoals and proceeding practically due east at a rate some 15 miles an hour faster than her maximum cruising speed, presumably due to strong tail winds although none of the three messages mentioned existing weather conditions.

Prior to these reports her average speed from Lakehurst, which she left at 11:40 E. S. T., last night, was only about 60 miles an hour, although this slower speed was no doubt largely due to the fact that considerable time was spent circling over New York.

BOARD NOT TO BUY UP GRAIN

REFUSES TO ATTEMPT TO STABILIZE WHEAT MARKET

Washington, Aug. 8.—(P)—The Federal Farm Board has refused to engage in wheat stabilization operations in spite of insistent requests to do so as a means of preventing recurrence of Tuesday's six cent market price drop.

Telegraphic appeals to buy up the surplus wheat and store it in any available place have flooded the board's offices. It has decided, however, to await perfection of the machinery of the Farmers National Grain Marketing Association, which will be charged with handling any emergency and is advising farmers meanwhile to hold back their product whenever possible.

A formal statement by the Board said there was a prospective world shortage of wheat this season, and ascribed to the immediate situation "to be met, to some extent at least, by unnecessary marketing of wheat by farmers."

GOVERNMENT CLERK UNDER BOND FOR ANNOYING GIRLS

Washington, Aug. 8.—(P)—Accused of annoying high school girls on buses and street cars, Frederick Dagonet Kellogg Leclercq, socially prominent attaché of the foreign service division of the State Department, was at liberty today under \$1,400 bond after being held by police for more than 24 hours. His resignation from the state department also was announced.

HICCOUGHING EXPECTED TO TAKE LIFE OF GIRL

Memphis, Tenn., Aug. 8.—(P)—Fifty-nine days of incessant hiccupping had reduced an eighteen-year-old girl's strength to such a low ebb today that physicians entertained doubts of her recovery. Miss Vera Stone began to hiccup at her home at Ripley, Tenn., last June. Unrelenting then, the malady persisted. Recently she entered a hospital here.

BURNET COUNTY CONVICT IS RESTORED CITIZENSHIP

Austin, Aug. 8.—(P)—Full restoration of citizenship was granted today by Governor Moody to New Terry, convicted of felonious theft in Burnet County in 1927 and sentenced to two years in the state penitentiary.

PUBLISHER IS OUT FOR STATE AGRICULTURE POST

Goree, Texas, Aug. 8.—(P)—E. L. Covey, newspaper publisher, announced his candidacy for commissioner of agriculture today. He was a member of the 25th and 28th Legislatures.

FIRE DESTROYS HEADQUARTERS AT FORT SILL

Several Other Buildings Endangered by Flames at Army Post, But Blaze Is Extinguished by Fighters Without Any Casualties.

Fort Sill, Okla., Aug. 8.—(P)—Snow Hall, a two-story frame building used as headquarters for officers of the field artillery school, was destroyed by fire today. Defective electric wiring was blamed.

Several other fort buildings were endangered, but fire fighting units succeeded in preventing spread of the flames.

There were no casualties.

ANTI-FASCIST TRIO ESCAPE

LEADERS IN OPPOSITION TO ITALIAN RULE NOW IN PARIS

Paris, Aug. 8.—(P)—Francesco Nitti, nephew of the former Italian premier, and two other prominent members of Italy's suppressed political opposition, have escaped the Fascist prison life of Lipari, and have made their way to Paris.

Anti-Fascist circles here today acclaimed the escape, related in widely published stories, as the greatest inspiration given their movement in months. Accounts of their imprisonment were welcomed in these circles as revealing tactics employed by the Fascist regime in checking growth of opposing elements.

Escaping with Nitti were Carlo Rosselli, former professor of political economy at the Genoa Institute, and Emilio Lussu, war hero, four times decorated by the Italian government.

Rosselli's account of the escape, made to Paris newspapers, said they eluded 400 guards which the Italian government placed on the small island, off Sicily, to watch 500 political prisoners, and swam along the shore of the island to a secluded spot where friends awaited them with a small sail boat.

He refused to tell how the aid was arranged or even where they landed, but it was believed they reached the shore somewhere near Tunis and came from there to Paris.

STATE TROOPERS PROBING SEIZURE OF YOUNG WOMAN

Albany, N. Y., Aug. 8.—(P)—State troopers are investigating the reported seizure last night of a young woman by two armed men from an automobile parked on the highway between Albany and Schenectady.

The girl's name is withheld, temporarily. Her capture was reported by Leland Petrie who lives near the scene of the kidnapping. He told troopers he was riding in the car with the girl when it was stopped by two men at the point of pistols.

SHOTGUN CHARGE FROM DOORWAY KILLS GROCER

Dallas, Aug. 8.—(P)—A buckshot blast, fired from the doorway of his rural grocery near here killed Austin E. Ferguson, about 53, last night and authorities today held Bert McLemore.

McLemore surrendered soon after the shooting, which occurred at Irving, Dallas County. He made a statement to the sheriff's office.

Officers said Irving residents told them that McLemore was fired at with a pistol near there recently. He and Ferguson were said to have been enemies for some time.

FOUR VERNON BOYS ARE ARRESTED DURING FIGHT

Four Vernon youths were arrested by city officers last night and charged with fighting on the streets of the city. Three of the boys pleaded guilty in City Court this morning and were fined \$10 each. The fourth entered a plea of not guilty and his trial was set for 3 o'clock this afternoon.

MRS. TOWNSEND FUNERAL TO BE HELD FRIDAY

Funeral services for Mrs. Nellie May Townsend of Vernon, who died early Wednesday morning in a Temple sanitarium following an operation will be held Friday morning at 10 o'clock at the family residence at 2405 Wilbarger Street. Interment will be in East View Cemetery.

The body was brought to Vernon from Temple, arriving about 2:30 o'clock this morning accompanied by the husband, County Judge J. V. Townsend, Mr. and Mrs. Daniel Bond and Billy Bond, and Mrs. James Anderson of Fort Worth, an aunt of Mrs. Townsend's who was with her in Temple. Mrs. Bond, a sister of Mrs. Townsend, is recovering from a recent operation in the Temple sanitarium.

Joe C. Sumner of Vernon, a brother-in-law, is en route from Los Angeles and is due to arrive tonight. Pall bearers were announced this morning as follows: Bailey Mullins, Lewis Bond, Myatt Napier, S. W. Bailey, L. E. Piper, and Walter McCaleb. Funeral arrangements are in charge of the Underwood Funeral Home.

Mrs. Townsend was a prominent social and club worker of Vernon and was a member of a pioneer Vernon family. Her father has been in business in Vernon for many years. Mrs. Townsend's death came as a shock to her many Vernon friends, few of whom knew of her condition following the operation Tuesday.

Surviving Mrs. Townsend, besides her husband, are her father, W. O. Anderson, prominent banker and business man of Vernon; her mother, Mrs. W. O. Anderson, and two sisters, Mrs. Danie Bond and Mrs. Joe C. Sumner, both of Vernon.

SOONER FOREST FIRES CHECKED

MAJOR OUTBREAK YIELDING TO EFFORTS OF ARMY OF FIGHTERS

Idabel, Okla., Aug. 8.—(P)—Forest fires which have swept thousands of acres of timber lands in southeastern Oklahoma were believed in check today.

The major outbreak still was raging, however, but was reported yielding to efforts of fire fighters who have battled the flames for more than a week. This fire, formed when three separate blazes met, has burned over 5,000 acres near Ringgold.

OFFICERS SEEK ENGINEER IN DRY AGENT'S DEATH

Windsor, Ont., Aug. 8.—(P)—John M. Heath, Detroit elevator engineer, wanted for questioning in the death of Richard J. Sandlands, prohibition agent, was being sought along the Canadian side of the border today.

District Inspector Sidney Oliver of the Provincial police said he believed Heath was in hiding in one of the border communities. He said Heath was arrested several weeks ago by Provincial officers off Riverside, Ont. Oliver said Heath was fined \$200 at that time for having a case of beer aboard his power cruiser.

DORAN ACCEPTS DEATH IN DRY RAID AS ACCIDENTAL

Washington, Aug. 8.—(P)—Prohibition Commissioner Doran said today an official report on the fatal shooting of Tom Chandler, farmer, by Captain Charles Stevens, Federal prohibition enforcement agent, at Potomac, Texas, indicated the shooting was accidental.

The report said Stevens' statement that Chandler was shot during a raid on his farm when the agent slipped and fell, was substantiated by other witnesses. Doran said the account would be accepted as accurate.

HOWARD'S NEW DEATH DATE IS NOVEMBER 9

Austin, Aug. 8.—(P)—Percy W. Howard of El Paso, who was to have been electrocuted at Huntsville prison Friday morning, was given a three months reprieve by Governor Moody today. The new execution date is Nov. 9.

Howard was convicted of the murder of L. V. Nixon. He had two trials, receiving life imprisonment in the first.

86,970 BALES GINNED PRIOR TO AUGUST 1

Cotton Total as Announced by United States Census Bureau Slightly Below Figures Revealed at Same Time Last Year.

New Orleans, Aug. 8.—(P)—Cotton prices slumped approximately \$3 a bale here today following publication of the Government crop report giving an indicated crop of 15,543,000 bales, which was evidently larger than the trade expected. Immediately after resumption of business following the usual 20 minutes recess for reception of the report, October traded off to 18.43 and December 18.63, or 39 to 41 points down from the prices ruling just before the report was issued.

PRICES FALL \$2 BALE ON NEW YORK EXCHANGE

New York, Aug. 8.—(P)—Cotton futures dropped about \$2 a bale on the New York cotton exchange today on publication of the Government crop estimate. The calculation of the crop at 15,543,000 bales was larger than had been generally expected and caused heavy selling.

CROP ESTIMATED AT 15,543,000 BALES BY FEDERAL BUREAU

Washington, Aug. 8.—(P)—A cotton crop of 15,543,000 bales of 500 pounds gross weight is indicated for this year on the condition of the crop on August 1, which was 69.6 per cent of a normal, the department of agriculture announced today.

GINNING SLIGHTLY BELOW SAME PERIOD LAST YEAR

Washington, Aug. 8.—(P)—Cotton of this year's crop ginned prior to August 1 totaled 86,970 running bales, counting round as half bales, the Census Bureau today announced. That date last year 88,761 bales had

RAIN LIMITED TO LOCAL AREA

DOWNPOUR HITS VERNON AND EXTENDS EAST TO OKLAUNION

A local rain, varying from one-half to one inch fell over Vernon and extended east as far as Oklaunion yesterday afternoon. Clouds formed in a southeasterly direction, but no rain was reported south or east of Oklaunion, where slightly more than half an inch fell. Residents of the town reported that the rainfall extended over a period of about 30 minutes.

The change of temperature struck Vernon from the east about 7 o'clock in the form of a heavy wind and sand storm, with little rainfall until about 7:30. Precipitation here amounted to .48 inch, according to the official report, and was thought to be slightly heavier a few miles east of Vernon. The rainfall extended no further north than Pease River, and went to the limits of West Vernon. No rain was reported south of Vernon.

SOME TEXAS SECTIONS GET RELIEF FROM HEAT

Dallas, Texas, Aug. 8.—(P)—Some relief from the intense heat of the past few days in most sections of Texas was noted yesterday by the Government Weather Bureau here. The highest temperature, 104 degrees, was reported at Albany, Graham, Greenville, San Angelo, Seymour and Sherman. The average for the state was between 95 and 98 degrees.

Rain at Childress.

Childress, Texas, Aug. 3.—(P)—Light showers fell in Childress County last night, the precipitation here measuring .41 of an inch.

BODIES OF WOMAN AND HER DAUGHTER FOUND

Huntington, W. Va., Aug. 8.—(P)—The bodies of Mrs. Burt Wilson, 36, and her daughter, Madeline, 17, were found early today in the wife's room in the Wilson home. Police expressed the belief the mother killed the daughter and herself with a .32 caliber pistol found in the room.

Commission Ready To Solve Sinking of Rum Runner

Washington, Aug. 8.—(AP)—The commission which will arbitrate the differences between the United States and Canada over the sinking of the rum runner *Im Alone* in the Gulf of Mexico last March has been designated and is expected soon to select a time and place for its hearings.

The United States is represented on the commission by Justice Willis Van Devanter of the Supreme Court, and Canada by Eugene Lafleur, K. C., of Montreal. George Wharton Pepper, former United States Senator from Pennsylvania, and John E. Reed, legal adviser of the Canadian department of external affairs, have been designated the agents of their respective governments to appear before the commission, while W. N. Tilley, K. C., of Toronto, and Aime Geogriou of Montreal, will assist Mr. Reed.

The schooner, which sailed under Canadian registry, was hailed by the patrol boat *Wolcott*, but refused to leave. In the pursuit which followed, the *Wolcott* was joined by the patrol boat *Dexter*. The latter overtook the schooner two days later about 200 miles off the coast and, after Captain John T. Randall again refused to permit his vessel to be boarded, fired upon and sank her with the loss of a French seaman.

PET GOAT ON WAY TO SECRETARY STIMSON

San Angelo, Aug. 8.—(AP)—"Billy the Kid" leaves his ancestral hills here today for the effete life of Washington under the guardianship of Secretary of State H. L. Stimson. Billy, a goat offered up by Secretary of the Texas Sheep and Goat Raisers Association, goes to replace the celebrated "Captain Bones," the Secretary's former pet somehow not retrieved by the official after he arrived in Washington from the Philippines.

The new delegate to the capital was said to have been named for the famous outlaw after successful exhibitions of pugacity among his fellows on a ranch 65 miles from the nearest railroad.

Domestic Agent Found Necessary by Dallas Mayor

Dallas, Aug. 8.—(AP)—Miss Mildred Douglass, free legal aid welfare worker for Dallas, is regarded by the city's organized club women as a more valuable aid to domestic bliss than all Dallas ministers together.

The significance of her work probably was not realized by Miss Douglass herself until her \$100-a-month job was abolished a short time ago. Now she's back at her post, however, reinstated. Mayor J. Waddy Tate has admitted publicly, that he made a mistake.

A tide of indignation arose when Miss Douglass' job was deleted from the city payroll. Club women from organizations representing 25,000 voters confronted Mayor Tate with petitions demanding that she be retained. The voters held sway and Miss Douglass came back.

"All the ministers do is marry them," the public petition said, in effect, referring to her work as a mediator. "Miss Douglass keeps them together."

During her three years' service as a humanizing influence at the city hall, Miss Douglass has averted divorces in approximately 50 per cent of domestic cases brought to her attention. Hundreds of deserted wives have sobbed their stories to her.

She also has found time to wage a determined war against Dallas sharks. Hundreds of the city's poor, in financial straits and harassed by unscrupulous money lenders, have found a friend in Miss Douglass.

While her work primarily lies outside the court room, Miss Douglass has proved herself an astute attorney when her efforts to effect reconciliations have failed.

Prohibition Given Place by Itself in Study of Law

Washington, Aug. 8.—(AP)—Prohibition has been assigned a place by itself in a program of eleven investigations worked out by the National Law Enforcement Commission after four months of preliminary study of its general problem.

No other single body of laws was singled out for such concentrated study, and the Commission further indicated the importance it attaches to prohibition by designating its own chairman, George W. Wickersham, as head of the committee which will conduct this investigation.

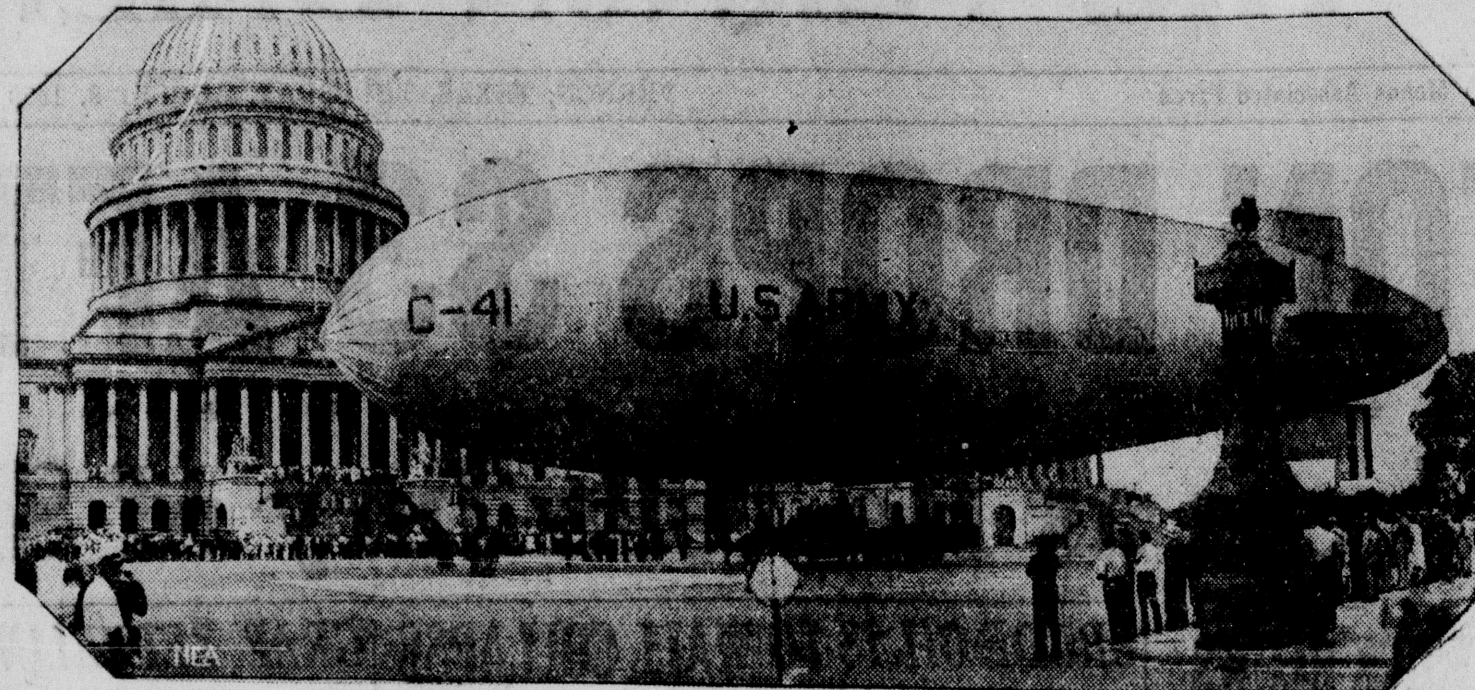

Each of the eleven lines of investigation mapped out will be pursued under the direction of a similar committee, with Chairman Wickersham as an ex-officio member of all. Besides prohibition, they will deal with causes of crime, statistics of crime and criminal justice, police prosecutions, courts, penal institutions, probation and parole, juvenile delinquency, criminal justice and the foreign born, lawlessness by government law enforcing officers, and the cost of crime.

SOCIALISTS MOURNING DEATH OF PARTY LEADER

Milwaukee, Wis., Aug. 8.—(AP)—Mourning the death of their party's leader, prominent socialists from all over the United States were beginning to arrive in Milwaukee today for the funeral of Victor L. Berger, 69, late publisher of the Milwaukee Leader and former member of the National House of Representatives.

The funeral services will be conducted either Friday or Saturday afternoon, with interment in Forest Home cemetery here. The former

New Senatorial Taxi—Army Blimp Lands Senator Bingham on Capitol Plaza

This remarkable picture shows the landing of an army blimp within a very few feet of the national capitol building at Washington. As Washington officials gasped from astonishment, the army blimp C-41 slid gracefully down to earth on the capitol plaza and allowed Senator Hiram Bingham of Connecticut, who had been transported from Langley Field, Va., to hop out and hurry into the building, to an important tariff committee meeting. The blimp descended and soared aloft again without the slightest mishap.

Socialist leader's body will lie in state here Friday. Funeral services are to be simple at the request of his family.

MAURETANIA FAILS TO BEAT ITS OWN RECORD

New York, Aug. 8.—(AP)—The Cunard liner Mauretania passed Ambrose lightship at 10:52 a. m., Eastern Daylight Time, today completing the crossing from Cherbourg in four days and 23 hours. This bettered its own record by three hours and 34 minutes, but was five hours and 18 minutes behind the record of the North German Lloyd liner Bremen.

NEW MARRIAGE RULES IN EFFECT IN ITALY TODAY

Rome, Aug. 8.—(AP)—Today throughout all Italy the new marriage rules and regulations called for by the Lateran treaties between Italy and the Holy See came into force.

Wherever young couples went to the altar to be bound in matrimony they listened to the priest's explanation that now and henceforth marriage by the church is sufficient and marriage by the state is not necessary.

There was a great rush of young couples to avail themselves of the

new simplified procedure, many having put off their marriage date until the new accord went into effect. Virtually every parish priest had several marriages to perform this morning.

rivaling congestion in the month of June.

Fundamentally, the new regulations do not make radical changes. They simply bring marriage by the Church, which several generations of antieretical politicians in Italy had lowered in standing, back to equal status with the church ceremony in America. Previously to the later accord persons had to be married also by the state.

Machine Which Answers Phone Automatically Given Trial by Inventors at Hotel Wilbarger

"Ansohone," speaking for the busy business man who is out of his office for the day made its appearance in Vernon Wednesday when J. L. Collins and W. L. Murell installed it in room 415 of the Wilbarger Hotel. The machine works on the principle of a dictaphone and automatically answers the telephone telling the caller any message the person who leaves the room wishes to have it speak.

The Ansohone has been developed into a state of perfection, Mr. Murell said today, and steps of manufacturing and marketing the machine on a large scale or under way. Ansohone answered over 500 calls to room 415 here yesterday with the message, "Ansohone is speaking," and telling the caller that "no one is in the room," and explaining what Ansohone is. Over 1,200 calls were answered in Dallas by the machine last Saturday.

The machine is run by electricity from a light current socket. The business man speaks a message into a microphone arrangement which is recorded and turns it on ready to speak any message he wishes.

Any message up to ten minutes in length may be left on the Ansohone and it will be repeated to all callers. Doctors and other professional men are expected to find the machine valuable in giving directions as to where they are when they leave their office. Even the busy house wife with a choice bit of gossip may tell the Ansohone her story in the morning.

Says Presidential Race Not Issue in State Election

Austin, Aug. 8.—(P)—Selection of the Democratic nominee for president in 1932, "will not be and should not be a direct issue" in the 1930 campaign, Miss Katie Daffan of Ennis, candidate for Governor, told Mrs. Claude De Van Watten of Austin, president of the state woman's christian temperance union in reply to a questionnaire sent all gubernatorial aspirants.

She is opposed to barring from the 1930 primaries anyone—candidate or voter—who did not support the party presidential choice.

"It is now necessary, as I see it, to discuss the Democratic nominee for president in 1932, other than to say that I will favor for president, and for every other office, a candidate who unequivocally stands for the maintenance and enforcement of all prohibition laws," she stated.

GIL PLANS TO ELIMINATE DEATH PENALTY IN MEXICO

Merida, Yucatan, Aug. 8.—(P)—General Augustino Sandino, fugitive Nicaraguan insurgent chieftain, and his entourage have been sent from this city for Valladolid, where, it was said here, they will be sent to Belize, British Honduras, for internment. Sandino, brother of the Nicaraguan leader, embarked yesterday for Vera Cruz aboard the American steamer "Mexico."

Evangelist Will Detail Work as Indian Missionary

Rev. R. L. Cotnam, of the Cotnam-Gray evangelistic party which is conducting a union revival meeting here, will take for his subject tonight "My Missionary Work Among Four Tribes of Indians in Twelve Years," according to an announcement this morning.

The revival, which is entering its fourth week at Vernon, has been attracting large congregations, according to reports. The American Legion tabernacle, on Marshall Street, has been filled to capacity recently. No services were held last night due to the rain, it was said.

Tomorrow night Rev. Cotnam will deliver a Bible lecture on the subject, "The Mark of the Beast." On Saturday night there will be a special delegation of colored people who will sing old southern spirituals at the meeting, Rev. Cotnam said this morning.

To Connect Detroit and Windsor

Some day soon all ten sections of the Detroit-Windsor tunnel will be completed and submerged—and a new under-water passage for vehicles and pedestrians will be available between the United States and Canada. Above are two sections under construction on land. Each is 250 feet long and 35 feet in diameter. When completed, and bulkheaded at each end to make them water-tight for floating, they are launched like ships and then submerged. Below is the fourth section being towed to position for submersion.

When The Pope Left The Vatican

This picture, rushed to New York aboard the fast ocean liner Berengaria, and transmitted thence by telephoto wires, shows Pope Pius XI as he left the Vatican recently, the first pope to do so in 59 years. The pope is shown in the brilliant procession in front of St. Peter's, carried in a richly decorated chair under a colorful canopy supported by the Swiss Guards. It is the first picture of the historic event to reach America, except a radiograph that was transmitted at the time by NEA Service for this newspaper.

Neal Buchanan, Bill Rogers, S. A. White, and Aubrey Lockett left Wednesday for Colorado, where they will visit several days. Mr. White and Mr. Lockett will join their wives, who have been spending several weeks there.

Mr. and Mrs. H. E. Muller and daughters, Dorothy Lou and Virginia, of San Angelo, and Carl Muller and daughter, Mrs. O. A. Harland and her baby daughter, of Texhoma, and the guests of Mrs. Betty Muller, who lives five miles northeast of Vernon.

Pollard Supports Shaw in Dispute Over Bank Funds

Austin, Aug. 8.—(P)—Attorney General Claude Pollard said today that State Treasurer W. Gregory Thatcher's refusal to honor drafts drawn on him by Banking Commissioner James Shaw to pay state banks over-assessments for the guaranty fund is "so arbitrary" that he is "probably creating a liability against the state" by his official bond.

Pollard made the statement in a letter to Thatcher, in reply to one from the treasurer, addressed jointly to Pollard and Shaw as members of the banking board, notifying them of his refusal to pay drafts presented yesterday.

"Every draft that is being presented to you in favor of the banks is in strict conformity to the action of the state banking board, meets every requirement of the law, and should be by you promptly honored and paid and it occurs to me that your conduct in the matter is so arbitrary that you are probably creating a liability against the state on your official bond in favor of those banks whose drafts you refuse to pay when presented," Pollard wrote.

New York, Aug. 8.—(P)—The cotton market today opened 6 to 8 points lower. Prices turned firm right after the opening on trade buying and covering but pre-bureau liquidation continued. There was a little selling on reports of showers with lower temperatures in the Texas Panhandle. This soon supplied the early demand and prices by the end of the first half hour were 9 to 10 points net lower with October selling around 18.81 and March 19.27.

The market stiffened up on covering later in the morning. Before trading was suspended to receive the government report, October had advanced to 19.00 and March to 19.40, or about 4 to 9 points above yesterday's closing quotations. The report making the condition of the crop 69.9 and the indicated crop of 15,543,000 bales, was above expectations, however, and there was heavy general selling when the market reopened with October selling down to 18.50 and March to 18.95, or about 40 to 45 points below yesterday's closing quotations and half a cent below the high levels of the morning.

New Orleans, Aug. 8.—(P)—The cotton market opened quiet and slightly lower in response to disappointing Liverpool cables. Traders evidenced a desire to hold off and await the government report due at 10 o'clock. Initial trades showed declines of 4 points and prices eased a point or two additional after the start to 18.74 for October and 18.85 for December, or 5 to 6 points net down.

Some belated short covering developed and at the end of the first hour the market was quiet and fluctuated around yesterday's closing levels.

Just before trading was suspended for reception of the official figures October sold at 18.93 and December 19.13, or 12 to 14 points above yesterday's close. This advance was attributed to final covering by shorts.

The indicated crop of 15,543,000 bales as given in the report was larger than the trade expected and resulted in heavy selling and by mid-session October had slumped to 18.32 and December 18.54, or 59 to 61 points below the early highs.

THE HOPE OF PEACE

It is difficult to find fault with the resolution introduced at the institute of politics, which outlines the "teeth" it would place in the Kellogg Pact. That the Kellogg treaty, which in its present state is a mere renunciation of war on the part of the signatory nations, needs additional clauses that would designate the means by which war would be avoided and suppressed, is generally recognized.

The resolution introduced was as follows:

1. It shall be the declared policy of the United States to withhold exportation of armaments or munitions of war to any belligerent and such exportation shall be unlawful unless Congress shall provide otherwise.

2. It shall be similarly unlawful to make loans to any belligerent nation without the consent of Congress. This resolution, it is pointed out, differs from moves already brought to the attention of Congress primarily in making it the fixed and normal policy of the United States to withhold support from any power which shall in violation of the pact, embark upon a war.

After all the chief aim of the governments of the world should be to abolish all wars, and that surely was accepted as the spirit of the Kellogg pact. The proposition that to support a war is just as violative of the spirit of the pact as to wage a war is sound. If all parties to the Kellogg-Briand treaty would adopt the resolution introduced, it is obvious that any warring nation would be so isolated that prosecution of the conflict could not long be continued, and the pact would have an effectual means of outlawing war. It would be advanced from the theoretical stage to the practical.

It must be obvious to any observer that supporting clauses must be added if the treaty to make the treaty to outlaw war effectual. The present Chinese-Russian controversy has demonstrated the need of some sort of machinery to arrive at fair disposition of disputes and controversial matters. Disputes will arise, and some means of disposing of them fairly must be devised if the agreement not to resort to war as an instrument of national policy is to be kept. With proper machinery for the disposition of differences, and agreement among all nations to refuse to carry on any trade relations with a nation that refuses to abide by the decisions, world peace will be assured. Perhaps that savors of the League of Nations. Be that as it may it holds forth the greatest promise, and about the only promise worth heeding, of permanent peace.

THE MODERN MARKET

A trade paper gives an account of a woman stopping her subscription to one paper and subscribing to another because of her preference for

Heaven Help the Working Girl to get

HER 3-A-DAY

Dr. Pepper
GOOD FOR LIFE!

at 10-12 & 4 O'CLOCK

the advertising of the paper to which she changed. No doubt what this woman did is being done countless times each day. It is a reflection of the times.

When asked why she was making the change, the woman replied that "The News has more advertising," and promptly named three or four grocery advertisements that she always wanted to see. This must be convincing proof that the advertisements printed in the daily newspaper are not only casually read, but are looked forward to by some readers at least.

However, this is to be expected. In this day of waste elimination and time saving it is classing the housewife behind the times to believe that she will start downtown early in the morning with a basket on her arm and eagerly visit every store in search of the groceries she wants at suitable prices. Shopping is not done that way in a day of labor and time saving. The housewife has adopted new efficiency methods at the same time they have revolutionized industry. She is not so backward as not to realize the value of time, and what saving it can mean to her.

What could be more adaptable to her new schedule of home making than the advertisements in the daily newspaper. It brings the market place of old into her home. She can sit in one of the comfortable chairs and make up her shopping list, meticulously comparing prices and value as she wishes, without the slightest embarrassment or exertion. Her buying list can be compiled at home, and much time is saved if she orders over the telephone or goes downtown to make her purchases. Naturally she is able to effect a saving that would not be possible if she made her purchases indiscriminately.

To contend that the modern housewife is not interested in advertisements is disparagement to one who plays an important role of this high-speed age. The homemaker correctly evaluates time-saving services just as the progressive business man recognizes them.

Farm Board Joins
Rival Units in
Wheat Industry

Washington (AP)—With one all-encompassing gesture, the federal farm board has put the two game cocks of the grain trade in the same pen. Long a loggerheads, with their differences held responsible for the delay in appointment of a grain man to the farm board, wheat pools on one hand, and cooperative grain elevators on the other, are brought under a common roof in the proposed \$20,000,000 cooperative marketing corporation.

The super-organization would act as a central marketing agency through which the annual exports of 230,000,000 bushels, or approximately one-fourth of the entire wheat crop

after the fashion of foreign export agencies maintained by the Canadian wheat pool, which handles half of Canada's wheat crop. It would act as an intermediary between the farm board and the cooperatives in wheat operations on the domestic market. Pool and elevator interests would be on an equal footing in financing the corporation—both subject to assessments on the basis of membership.

On consent of the units joining the corporation, the farm board has authority to assess each, for a certain amount of the sum necessary to match loans from the federal revolving fund, to pay interest on the federal loan or to retire the principal advanced in creating capital for the corporation.

Regardless of the plan by which the board finances the organization, members cannot be assessed for losses encountered in actual operation. Assessments, as referred to in connection with the corporation, have to do only with the creation of working capital.

Ellen Castlebury Becomes Bride of St. Louis Man

Miss Ellen Castlebury, popular Vernon girl, became the bride of George Cooper, of St. Louis, Mo., in a ring ceremony performed by Rev. C. A. Bickley, pastor of the First Methodist Church, Wednesday evening at 8 o'clock before a small group of close friends and relatives at the Methodist Parsonage on Pease Street.

They were unattended. The bride was attractively attired in a black crepe suit with accessories to match, and carried an arm bouquet of gladioli.

Mrs. Cooper is a daughter of Mr. and Mrs. R. L. Castlebury, and is very popular among the young social set of Vernon. She has lived in Vernon with her family all of her life and was graduated from Vernon High School in 1925. She continued her studies at Lindenwood College, St. Charles, Mo., and at Texas Technological College in Lubbock.

Mr. Cooper is a son of Mr. and Mrs. R. V. Cooper, of St. Louis, Mo., and has attended school at West Point and the University of Missouri. He is now engaged as surveyor for the Frisco Railway. He has made his home in Vernon for the past seven months as a member of the party surveying the Vernon-Seymour Frisco line, and it was during that time that the romance began.

Mr. and Mrs. Cooper left immediately following the ceremony for St. Louis, where they will make their home.

Accompanying the couple at the wedding were: Miss Mozelle Parker, Miss Leah Young, Robert Stevens, and the bride's brother, Brown Castlebury.

Mrs. J. F. Gregory Is Hostess At Bridge Wednesday

Mrs. J. F. Gregory was a delightful hostess Wednesday afternoon, when she entertained a number of guests with a bridge party at her home three miles east of Vernon. Pretty garden flowers formed a setting for the four tables arranged about the home for bridge. In the games, Mrs. O. T. Warlick was awarded a prize for scoring high, and Miss Mildred Robertson won a prize for second high score. Mrs. Anderson Smith was consoled with a gift for low score.

A white color scheme was carried out in the entertainment in the refreshments and other appointments. A delicious salad and ice course was

served at the close of the afternoon. The guests were: Mrs. Leonard Smith, Mrs. Hugh Nesbit, Mrs. Olin Turner, Mrs. R. W. Abbott, Mrs. Innes McCrary, Mrs. Iver Carney, Mrs. O. T. Warlick, Mrs. E. C. Christian, Mrs. Price Danny, Mrs. Marvin Sharp, Mrs. C. M. Hardison, Mrs. Anderson Smith, Miss Mildred Robertson, Mrs. Dick Gatewood, Mrs. Delbert Moore, Mrs. Claude Ayres, and the hostess, Mrs. Gregory.

Mrs. Haney Entertains With Music Recital at Home

Mrs. C. D. Haney entertained a number of friends and parents of her music and expression pupils with a recital at her home in the Haney community Monday evening.

Following the program, refreshments were served and a social hour was enjoyed.

PRESBYTERIANS BEAT CHRISTIANS TO TIE RACE AGAIN

TWO CLUBS TO MEET FRIDAY IN FINAL GAME OF PLAY-OFF SERIES FOR SECOND PERIOD

For the third time this season the Christians and Presbyterians went into a tie for first place in the second half race of the Vernon Sunday School League, when the Presbyterians took an exciting 2 to 0 victory in a four-inning game yesterday afternoon on the City Park field. The game was called at the halfway mark of the fifth on account of rain and darkness after the Christians had knotted the count in that half. The score reverted to the last of the fourth, giving the Presbyterians a shut-out victory and an even chance to meet the Baptists in a three-game final playoff series next week for the league championship.

The Presbyterians and Christians will meet for the last time Friday when they will decide the winner of the second half of the season. The Christians took the first of the three-game semi-final series Monday by a 14 to 10 count—a game that contrasted greatly in interest, score and playing with the one yesterday. Bert Williams, Presbyterian hurling ace, took the count early in the first inning Monday after allowing several hits and runs. Yesterday he went the other way and hurled a stellar game to allow four scattered singles. His teammates did the rest, except for two strike outs. Ross pitched the game for the Christians and allowed six hits. The winning scores came in the second and third innings.

The Christians started the batting game and Burgess flied out to L. Williams. Sands grounded out, Bob Williams to Bourland, and Shoemaker singled to center. Currin bounced to Bert Williams and was out at first.

Baird started the Presbyterians with a sharp single down the third base line. L. Williams popped a high one to Sands, and Castibeyro was safe when Williams failed to return his easy infield bunt to first base. Rob Williams singled and advanced with Castibeyro on a passed ball. Baird was out on a previous play. Ross to Shoemaker. Blanton grounded out, Burgess to Williams.

The Christians were retired in order in their second. Williams grounded out, Bob Williams to Bourland, and Sufferer singled, but was out trying to reach third on Golden's single. Bob Williams to L. Williams. Golden stole second, and went out at third as L. Williams tagged him with Ross' tag to that corner.

Bourland drew a free pass to first base, stole second and scored on a close play at home. Wilkins to Currin, as Bert Williams was safe at first on the choice. Pace had singled to right field, advancing Bourland to third. Bowman struck out, and Baird hit into a double play. Sands to Burgess to Wilkins, to retire the side.

Moore grounded out. Bob Williams to Bourland, to start the third. Burgess followed him. Blanton to Bourland, and Sands singled to center. Sufferer flied out to Castibeyro.

Logan Williams opened the Presbyterian third with a double to center field. Castibeyro followed with a single to score Logan, the former advancing to second on a steal as the ball reached the infield. Bob Williams popped out to Sands, who played his position perfectly during the fray. Blanton flied out to Stiffler in center field.

Currin walked to start the fourth, and stole second as Wilkins popped out to Bert Williams. Stiffler and Golden struck out as Bert Williams took the inning alone, playing the peak of his game.

Pace failed to beat out a bunt and was out, Ross to Wilkins. Bert Williams sent one to right field that was good for three bases, but went out at the plate when Shoemaker returned Bowman's illegal rap. Bowman was called out, although he was safe at first, due to over stepping the plate.

The ugly cloud that had been threatening all afternoon from the southeast here down in fury in the fifth, making a close-down necessary and a shut out possible, after the Christians had crossed two runners as the wind and sand made proper playing impossible.

NORTH RETAINS ADVANTAGE IN TEXAS CIRCUIT

With Final Phase of Southern Teams' Invasion of North Starting Today, They Hold Little Hope of Finishing Strong.

By The Associated Press.
With the final phase of the southern teams' invasion of the north country starting today, it appeared safe to announce officially that any last faint hopes held out by fans in the lower end of the state for a second half pennant had become defunct.

The southern clubs did well enough on their home fields—well enough that Houston and Waco appeared distinct threats—but it has become apparent in the space of a week that the real power lies north of the middle. Of 12 games played in the series closing yesterday, Waco was the only southern team to win a decision. Three series were swept by the powerful triumvirate, Wichita Falls, Fort Worth and Shreveport.

The line-up for the last of the inter-sectional contests found the disappointing Buffs at Wichita, Beaumont at Fort Worth, San Antonio at Dallas and Waco at Shreveport. The Spudders cannot afford to falter against the Buffs, as the Cats are only a game and a half back and in the throes of a victory streak that reached seven straight yesterday.

In winning their eighth verdict in nine starts against southern outfits, the Cats again came from behind to trim the Buffs, 11 to 7. Six runs in the eighth inning drove Paul Wachtel to the showers. The Buffs scored all their runs off Charlie Sullivan in the first four frames, but were stopped cold thereafter by McCabe.

A seven-run spree in the fourth was sufficient to give the Spuds their third straight from Beaumont, 8 to 5. Steengrafe had the Shippers well fooled with the exception of Easterling, who belted two homers, one with a mate on.

The Sports swept into third place by thrashing the demoralized Indians, 11 to 7. That made 14 straight thumpings for Pat Newman's warriors.

Old Joe Martina again demonstrated his ability to humble the Cubs in the rubber game at Dallas. Although rapped 16 times, at least once every inning, the veteran oyster merchant had the Prattmen hypnotized when they had mates on base. Ten blows off Stein and Thurman, combined with three Cub errors, made it an easy matter for the Steers to win, 7 to 9. Five May runs were unearned.

Without much ado or effort, the champion demonstrated he was on edge to defend his crown in the 36-hole qualifying test by combining two rounds of 77-74 for a 151 total, which gave him a tie for the tournament medal with two comparative unknowns—Patsy Tiso, a 19-year-old student from New York, and Milton Soncrant, a Toledo mailman.

Kauffmann's rounds were the steadiest of the record field of 140 which attempted to qualify.

Forest Park, the championship course, was a jinx for most of the entrants. Long rugged and spiced everywhere by trees and water holes, it was so difficult that a total of 153 strokes, 15 more than par, were good enough to gain a berth in the championship flight.

The survivors represented 16 cities in 13 states.

SIX AMERICANS REMAIN IN TENNIS RUNNING

Southampton, N. Y., Aug. 8.—(P)—America's seventh, eighth, ninth, eleventh and thirteenth ranking tennis stars still remain to shoulder the task of stopping the British bid for singles honors in the Meadow clubs invitation tournament.

In addition to Fritz Mercur, Bethlehem, Penn., No. 7; John Doeg, Santa Monica, Calif., No. 8; Julius Seligson, New York, No. 9; Berkeley Bell, Austin, Texas, No. 11, and Gregory Mangin, Newark, N. J., No. 13, a sixth young American still remains in the running—Eddie Jacobs of Baltimore. The dope calls for his elimination at the hands of Mercur in the quarter-finals. It was Jacobs however who produced the principal surprise of yesterday's play by defeating Donald Cram of Nashville, Vanderbilt University star, who in the previous round put out John S. Olliff, English indoor champion.

Bell, who had his hands full defeating Bradshaw Harrison of the University of Oregon, 6-2, 9-7, is drawn against Norman Farquharson, of Cambridge, one of the two remaining English contenders, while Mangin faces an even tougher antagonist in "Bunny" Austin, English Davis cup ace.

Western Junior Golf Title To Be Settled Thursday

Chicago, Aug. 8.—(P)—The battle for the western junior golf championship today was a matter for decision over the LaGrange Country Club course among eight youngsters—four from Illinois, two from Michigan and a pair from Missouri.

Fred Lyon, of Pontiac, Ill., a member of the University of Illinois golf team this spring, was paired for his third round match with Joel Shepherd of Kalamazoo, Mich. Lyon, the qualifying medalist, was favored to defeat the Michigan player, and appears an almost certain finalist.

Bill Redmond, Joliet, Ill., who was runner-up to Lyon in the qualifying round, was to meet George Baker of St. Louis.

Paul Jackson of Kansas City, who has made several attempts to take the title, had a tough opponent in Charles Back of Chicago, who yesterday eliminated Dick Mullin, the defending champion. The fourth contest was between Alex Jolley of Menominee, Mich., and Bob Crowe, Chicago.

KNUTE ROCKNE BECOMES OPTIMIST ABOUT CHANCES

Chicago, Aug. 8.—(P)—Knute Rockne has become an optimist. Rockne, whose prospects for winning football teams at Notre Dame usually cause him to speak in a melancholy manner before a season opens, now will "present a more or less radiant picture of my prospects," he told a group of coaches at the Northwestern University summer school yesterday.

"Pessimism as applied to football," Rockne said, "has been worked to death. It is time to swing back the other way and accept our problems with a more cheerful outlook."

TEXAN IS EXPECTED TO REACH JUNIOR NET FINAL

Delafield, Wis., Aug. 8.—(P)—Karl Kamrath, Austin, Texas, and Hugh MacArthur, San Diego, were favored today to reach the finals of the western junior and boys' tennis championships because of their showing yesterday in eliminating Nate Ganger, Cleveland, and Charles Davis, Oklahoma City, respectively.

Others who still had a chance at the junior title were Bill Schommer, Milwaukee, Willie Jacobs, Baltimore, John Sheldon, Chicago, and Kendall Cram, Nashville, all of whom had yet to play their quarter-final matches.

YANKEES SPLIT WITH LEADERS

TIGERS HALT CLEVELAND'S RUSH TOWARD THIRD WITH VICTORY

(By The Associated Press)
With all but two of the National League teams in transit from west to east yesterday, the spotlight's glare rested upon the double clash of the Yankees and the Athletics in Philadelphia. More than 40,000 Quaker City fans crowded into the park and countless other thousands languished disappointed in the streets outside as the leaders gained an even break with the runner-up in the first two-thirds of what some deem a crucial series.

Led by Babe Ruth who hit his twenty-eighth with three on base, the Yankees exploded five home runs in the opening game to win by 13 to 1, only to see the Mackmen run off with the second by 4 to 2, leaving Connie Mack's margin of eleven and one-half games unimpaired.

The Babe hit his four-run homer with one out in the second. It was the Babe's second homer with the bases filled in successive games and the twelfth such blow of his career.

Roy Sherid deserved a better fate in the right spot, his second complete game of his major league career of one season. He entered the home half of the eighth with a 2 to 1 lead over George Eastshaw, but three hits, two of them doubles, and a fumble by Lazzeri gave the Mackmen three runs and the game. Connie Mack sent Bob Grove in to pitch the ninth just to remove any doubt that the game was over.

At the meeting between the Indians and Tigers in Cleveland, Dale Alexander treated himself to four hits which helped the Bengals to halt Cleveland's rush toward third place with a 14 to 4 victory. As a result, the Tribe fell from a tie with the Browns for the third rung.

Washington defeated the Red Sox at Boston by 4 to 2, and the Browns and the White Sox were traveling. The only activity in the National League was at Forbes Field where the Pirates noted the Giants by 4 to 3 in the ninth and shaved a more or less inconsequential half game from the margin of the Cubs. The Bruins now top the National field by seven full contests.

SMITH WINS LONG ISLAND OPEN GOLF TOURNAMENT

Salisbury Plains, N. Y., Aug. 8.—(P)—MacDonald Smith, who has won many minor golfing tournaments from coast to coast, but never a major crown, has tucked the Long Island open title in his already well filled bag with an aggregate 72-hole medal score of 286. Second to Smith came Gene Sarazen, long-hitting former open king.

But two strokes separated the Scot and the one time Italian caddy boy when the curtain rang down. Gene, who knows the fruits of the major golfing victories, established a course record of 66 over the long No. 4 championship course. The Carnoustie bra laddie confined his scoring to old man par, never straying far from perfect figures.

Seven strokes behind Smith and five rearward to Gene came George Voigt, North Hills amateur and until Smith breezed in with his 286, the titlist. He won the crown in 1928.

At the meeting between the Indians and Tigers in Cleveland, Dale Alexander treated himself to four hits which helped the Bengals to halt Cleveland's rush toward third place with a 14 to 4 victory. As a result, the Tribe fell from a tie with the Browns for the third rung.

Washington defeated the Red Sox at Boston by 4 to 2, and the Browns and the White Sox were traveling. Famous Swimmer To Conduct Red Cross Program of Water Sports and Life Saving in Vernon Soon

A program of water sports and life saving to be offered here August 19-20 by the local chapter of the American Red Cross, will be conducted by Robert D. Skelton, one of America's famous athletes, it was announced here today by Robert Tabor, chairman and examiner for the Wilbarger Red Cross chapter. Mr. Skelton, who is probably one of the foremost exponents of fast swimming with breast stroke in the world, has many cups, medals and other trophies that attest his prowess. He was Olympic breast stroke champion at the games held in Paris in 1924.

A native of Wilmette, Ill., Skelton is a graduate of Northwestern University and as First Aid and Life Saving field representative of the American National Red Cross, travels through the entire midwest, under the direction of the St. Louis office of that organization.

Upon his arrival here, Mr. Skelton will carry out the arrangements that have been made for him by the Wilbarger County chapter, according to Mr. Tabor. This will include a two-day course of instruction in the different phases of life saving and water safety. The courses are open to everyone. Two classes will be organized. Entrants under 17 years of age will form a junior class, and those over 17 a senior class.

In classes, by demonstrations and individual instruction, every swimmer enrolling for the course will be given an opportunity to become a Red Cross life saver—qualified to care for himself and to protect others in the water. Instruction in the prone pres-

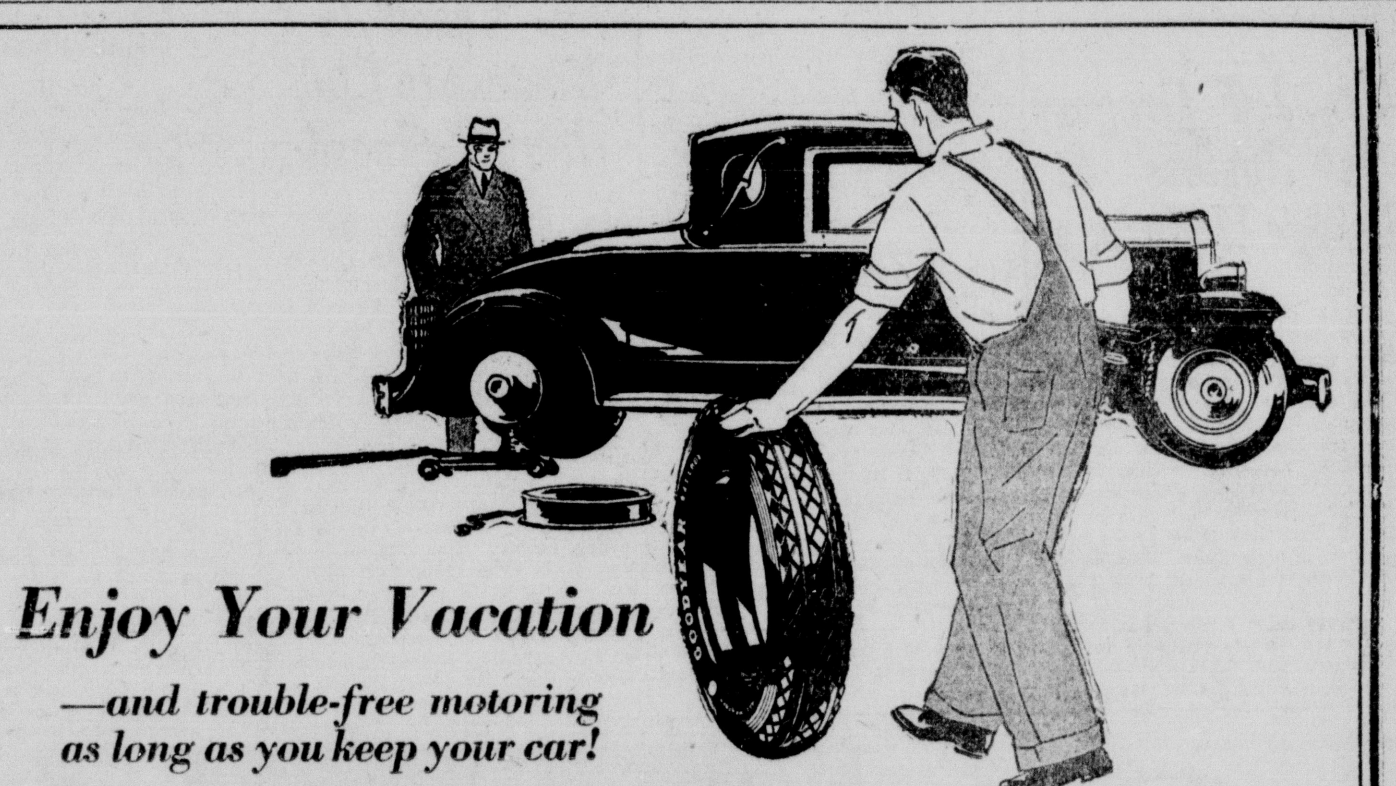

sure method of artificial resuscitation will be part of the course. Both swimmers and non-swimmers will benefit by the course to be given, Mr. Tabor said, because of the value of the resuscitation courses in accidents other than drowning, such as electric shock and suffocation by gas and smoke.

NEW NIAGARA REPORTED PLANNED BY POWER FIRM

Charlotte, N. C., Aug. 8.—(P)—The Charlotte Observer today says a "new Niagara" is planned in the mountains of North Carolina and Tennessee by the Aluminum Company of America which will spend \$125,000,000 in development of hydro-electric projects.

Through eight separate dams, electrical power exceeding in magnitude the energy now generated by Niagara Falls will be created. Seven of the eight projects named in the newspaper story will be in Western North Carolina and the other in Tennessee.

**DRUNKENNESS OF MAN'S
COWS COSTS HIS LIFE**

Oakland, Tenn., Aug. 8.—(P)—The drunkenness of Dee Alley's cows cost him his life.

The cows got drunk on mash they found in the woods and stayed out all night. Dee Alley and his cousin, John Alley, took their guns and went to look for them. While crawling through underbrush, John Alley's gun was discharged accidentally and his cousin was killed.

Slayer's Appeal Filed.

Austin Aug. 8.—(P)—Attorneys representing Louis Enderle, 16, convicted of murder in Gonzales County in connection with the shooting in 1923 of Wm. Whitehead, filed an appeal with the Court of Criminal Appeals Wednesday.

The youth was adjudged a delinquent child and sentenced to serve in the state training school at Gatesville until he reaches the age of 21.

Many Accidents.
Dallas, Aug. 8.—(P)—An unusual number of accidents were reported here during the past 24 hours. Two violent deaths also were recorded. Mrs. Pearl Sadler, 43, of Dallas, died in a hospital yesterday of injuries received in an automobile accident near Waxahachie. Mrs. C. L. Bay, 38, died last night of a poisoning. The body was sent to Greenville for burial.

**As the Graf Zeppelin Soared Over
New York at Dusk**

This spectacular photo of the Graf Zeppelin over New York City at dusk as it neared the end of its voyage from Germany shows the giant dirigible coming up Broadway from the Battery under the glare of a powerful searchlight mounted on top of a tall building. The picture was taken from the roof of the NEA Service's building in New York, a time exposure being necessary because of the fast gathering darkness. Crowds massed in the streets below roared their welcome. The great airship continued on to Lakehurst, N. J., and a short time later it was brought safely to earth at the naval air station there.

LICENSE CUT IS IN VIEW FOR AUTOMOBILE OWNERS

With an approximate cut of 50 per cent in automobile license fees scheduled to go into effect January 1, the automobile owner of Texas is able to find some compensation for the present four-cent gasoline tax. The new schedules are based only on the

weight of vehicles, Mrs. Ralph King, deputy county tax collector, said today. License fees at present are based both on the weight and horse power of the vehicle.

Factory weight plus 100 pounds for equipment and gas and oil are the figures considered in arriving at the weight on which the fee is based. Twenty-eight cents per 100 pounds is the charge for vehicles weighing up to 2,000 pounds; from 2,001 to 3,500 pounds, 36 cents a hundredweight; from 3,501 to 4,500 pounds, 50 cents a hundredweight. The new also provides for a 25 cent charge for all duplicate receipts issued. No charge has been made in Wilbarger County and many other counties for duplicate receipts, it was learned.

License fees on some of the best known makes for last year and the

Vernon Scouts Leave on Hike to Doans Camp

About 500 Vernon Boy Scouts of Troops 12 and 3 left the First Baptist Church this afternoon at 3:30 o'clock for Spring Lake and Gun Club near Doans, where they will spend tonight. The Scouts met at the church at 3 o'clock and are due to arrive at the camp site by 5:30 when they will begin the camp with a plunge in the waters of the lake. Details of Scouts have been named to select the camp site and locate the water supply. The swimming place is also to be located by a detail, as well as the council ring site and test grounds for drills, stunts and games. Each Scout is taking the following equipment: bedding for two, mess kit, food supply for three meals, axe, camera, knife, field glasses and swimming suit. Each patrol is taking one rope and each troop a first aid kit. Following the opening swim supper will be served, games, recreation, council fires and regulation Scout ceremonies will be held before the sounding of taps. The boys are to rise at 6 o'clock in the morning and follow a program of exercise, swim, breakfast, hike, swim, rest and dinner before returning to Vernon after noon. The boys are to be accompanied by their Scoutmasters, V. L. Norsworthy, C. Reed Smith and Clarence Teel. Ben Parrish, scout executive of the Quannah Parker Area, will also attend the hike. E. O. Youngblood of Vernon who invited the Scouts to Spring Lake will also accompany the boys.

Brief News From the Oil Fields

The Rathke Oil Company's wildcat test No. 1 Watts, section 64, block 15, H. & T. C. R. R. survey, is busy with a fishing job this week below the 1,650 foot level.

Two new locations have been announced by the Shell Petroleum Corporation offsetting their No. 1 Tarver, discovery well in the Thalia field. One location is north and the other west of the first well. The Tarver well is located in section 3, G. C. & S. F. survey, Foard County.

The Wich-Tex Oil Company's No. 1 Schultz, 150 feet north and west of the southwest corner of the T. A. Johnson survey, abstract 794, but in section 44, block 18, H. & T. C. R. R. survey in Foard County, is near the 1,800 foot level. A showing was passed at 1,200 feet.

The Fain-McGaha & Shell No. 1 T. A. Johnson producer in the T. A. Johnson survey, abstract 794, in Foard County is making about 250 barrels per day at 2,023 feet.

M. L. V. Smith's No. 1 producer in section 35, block 2, H. & T. C. R. R. survey is swabbing about 10 barrels per hour, at 2,668 with 31 feet of pay.

Staley & Wynne's No. E-1 section 25, block 4, H. & T. C. R. R. survey is swabbing 150 barrels, 1851-1860 feet.

The Texas Company's No. E-19, in section 24 and 25, block 4, has a sand at 1,856-58 feet.

Peckam's No. 1, section 36, block 3, H. & T. C. R. R. survey, is dry and has been abandoned at 2,014 feet.

Phillips' Norwood No. 5, section 18, block 4, H. & T. C. R. R. swabbed 255 barrels in 12 hours.

LIBERTY OIL WELL FIRE STILL OUT OF CONTROL

Liberty, Texas, Aug. 8.—(P)—A workman's army's offensive against a fire which roared from the Dolbear No. 68 well near here, burning since early Tuesday, was broadened today. Preparations were made to turn the steam from 16 boilers on the great blaze, which rose more than 100 feet above the mouth of the well.

CHAMBERS OF COMMERCE SEEK BOX BILL REVISION

McAllen, Aug. 8.—(P)—Concerted efforts will be made by chamber of commerce executives of the Rio Grande valley to have included the Box immigration bill, already before Congress, clauses which will insure this section against crop loss due to labor shortage in time of harvest, according to Whit Rogers, secretary of the McAllen chamber.

Several Valley Chamber of Commerce secretaries and managers will meet with representatives of the Mexican border districts of New Mexico and Arizona at El Paso soon.

At the El Paso meeting the Box measure will be thoroughly considered of appointing a committee of three to go to Washington for the conference with the bill sponsors in an attempt to alleviate any labor ills resulting from a restriction of Mexican immigration.

Announcing Two New Models of the CHEVROLET SIX

Broadening the appeal of a line of cars which has already won over 950,000 buyers since January 1st, Chevrolet presents two distinguished new enclosed models of the Chevrolet Six—the Imperial Sedan and the Sport Coupe. With beautiful new Bodies by Fisher available in a variety of striking color combinations and with numerous advanced convenience features—these new models provide, in abundant measure, those elements of distinction ordinarily associated with more expensive automobiles.

When you examine the new Imperial Sedan and Sport Coupe,

you will be impressed by their individuality and completeness. But you cannot fully realize what an achievement they represent until you get behind the wheel and drive! For here are all the qualities of six-cylinder smoothness, power and acceleration which Chevrolet alone provides in the price range of the four—combined with economy of better than twenty miles to the gallon of gasoline!

Come in today. Learn for yourself the new standards of quality and luxury that Chevrolet has made available in six-cylinder cars—at prices within the reach of all!
